

**ONE STUDENT'S COMMENTS ON OUR 9/15 to 9/17/09 CMMI CLASS**

*extracted directly from the SEI Evaluation form*

"The class was wonderful! It was actually **fun** while simultaneously being informative, useful, etc. I loved the **creativity, humor, instructor stories, inventive and unique activities**, etc. I've attended an enormous amount of classes over the years; without reservation, I must say this one is the BEST of them all.

"Mr. Smith has a 'gift' for training. He is the best training instructor that I've had during my career, and his class is the **best planned, best executed, best food, best EVERYTHING**. I usually don't think of training classes as thoughtful and considered but this one definitely was.

"Mr. Smith brought a **true passion**, as well as a **wealth of knowledge**, to the class. Even on Day 3, the class was still interesting. A lot of training is only functional but not necessarily enjoyable. This class was actually fun (as much as is possible). Mr. Smith actually engaged the class, and not all instructors can do so. Also of note is that **Mr. Smith has crafted a class and overall experience that will definitely be "memorable."** I learned a lot during the session and due to Mr. Smith's efforts, it was structured in a way that makes me feel prepared as well as grounded in the material (and a lot of training misses the mark in that regard). I'm glad to have taken a class in which I believe **I will actually retain the information long-term**. Again every aspect on the whole was excellent."
